

# We Lead with Love

Since 1888, Stillwater Hospice (formerly Visiting Nurse) has served families with a full suite of compassion services—from hospice and palliative care, to chronic disease management and grief support. And while our services have evolved and grown in our 130-plus years, our driving purpose never has: to deliver the most compassionate care to those we serve. From our family to yours, in everything we do, we **Lead with Love**.

Stillwater Hospice is a community-based, not-for-profit organization supported by the Stillwater Foundation. We rely upon donations from people like you to help fulfill our mission, and we are so grateful for your support.

# You Don't Need to Walk Alone

Grief is a normal response to the loss of a loved one. It comes in many forms, and no two people experience it in the same way.

At Stillwater Hospice, our goal is to provide a quality grief and loss education program to families in the northeast Indiana region.

Our programs are provided at no charge and are open to any adult who has suffered the loss of a loved one due to death—whether that person received services from Stillwater Hospice or not. These services are made possible through the generous support we receive from the communities we serve.

Individual grief counseling sessions are available in-person or through telehealth.

***“One reason we recommend Stillwater Hospice is because of the support the family gets after their loved one passes away.”***

– HEALTHCARE PARTNER

## Our Grief Center

The Peggy F. Murphy Community Grief Center is an incredible resource for the northeast Indiana community. It provides space for individual grief counseling sessions, programming and support group meetings for adults who have experienced a loss of a loved one.

- Individual counseling
- Grief & loss education programs
- Support groups
- Referral services
