

# We Lead with Love

Since 1888, Stillwater Hospice (formerly Visiting Nurse) has served families with a full suite of compassion services—from hospice and palliative care, to chronic disease management and grief support. And while our services have evolved and grown in our 130-plus years, our driving purpose never has: to deliver the most compassionate care to those we serve. From our family to yours, in everything we do, we **Lead with Love**.

Stillwater Hospice is a community-based, not-for-profit organization supported by the Stillwater Foundation. We rely upon donations from people like you to help fulfill our mission, and we are so grateful for your support.

# You Don't Need to Walk Alone

Grief is a normal response to the loss of a loved one. It comes in many forms, and no two people experience it in the same way.

At Stillwater Hospice, our goal is to provide quality grief and loss services, including education, individual and group support, and grief centered programming.

Our programs are provided at no charge and are open to any adult who has suffered the loss of a loved one due to death—whether that person received services from Stillwater Hospice or not. These services are made possible through the generous support we receive from the communities we serve.

Individual grief counseling sessions are available in-person or through telehealth.

***“One reason we recommend Stillwater Hospice is because of the support the family gets after their loved one passes away.”***

## Grief Services FOR BUSINESS

The grief experienced after a death can affect your company in ways large and small. Left untreated, it can stifle productivity, erode morale and lead to dangerous coping behaviors. The Peggy F. Murphy Community Grief Center has certified grief educators available to assist businesses, churches, schools, and other non-profit organizations when a death occurs. A service of Stillwater Hospice, the Community Grief Center is open to anyone who has suffered a loss due to death. Hospice involvement is not required. Because of the generosity of the community, all grief programming and services are presented at no charge to the grieving person.

### Some services include

- Debriefings for losses at businesses
- Memorial services
- Individual grief counseling
- Grief support groups
- Comprehensive grief library
